Sanitizing Dryer

**TR3 DR3**

## Features

An entry level dryer that is simple to operate. Featuring a sanitize cycle.

Temperature selections	3
Preset cycles	4
Sanitizing	Yes
Reversable door	Yes
Cylinder light	Yes
Parts and labor warranty	3 years

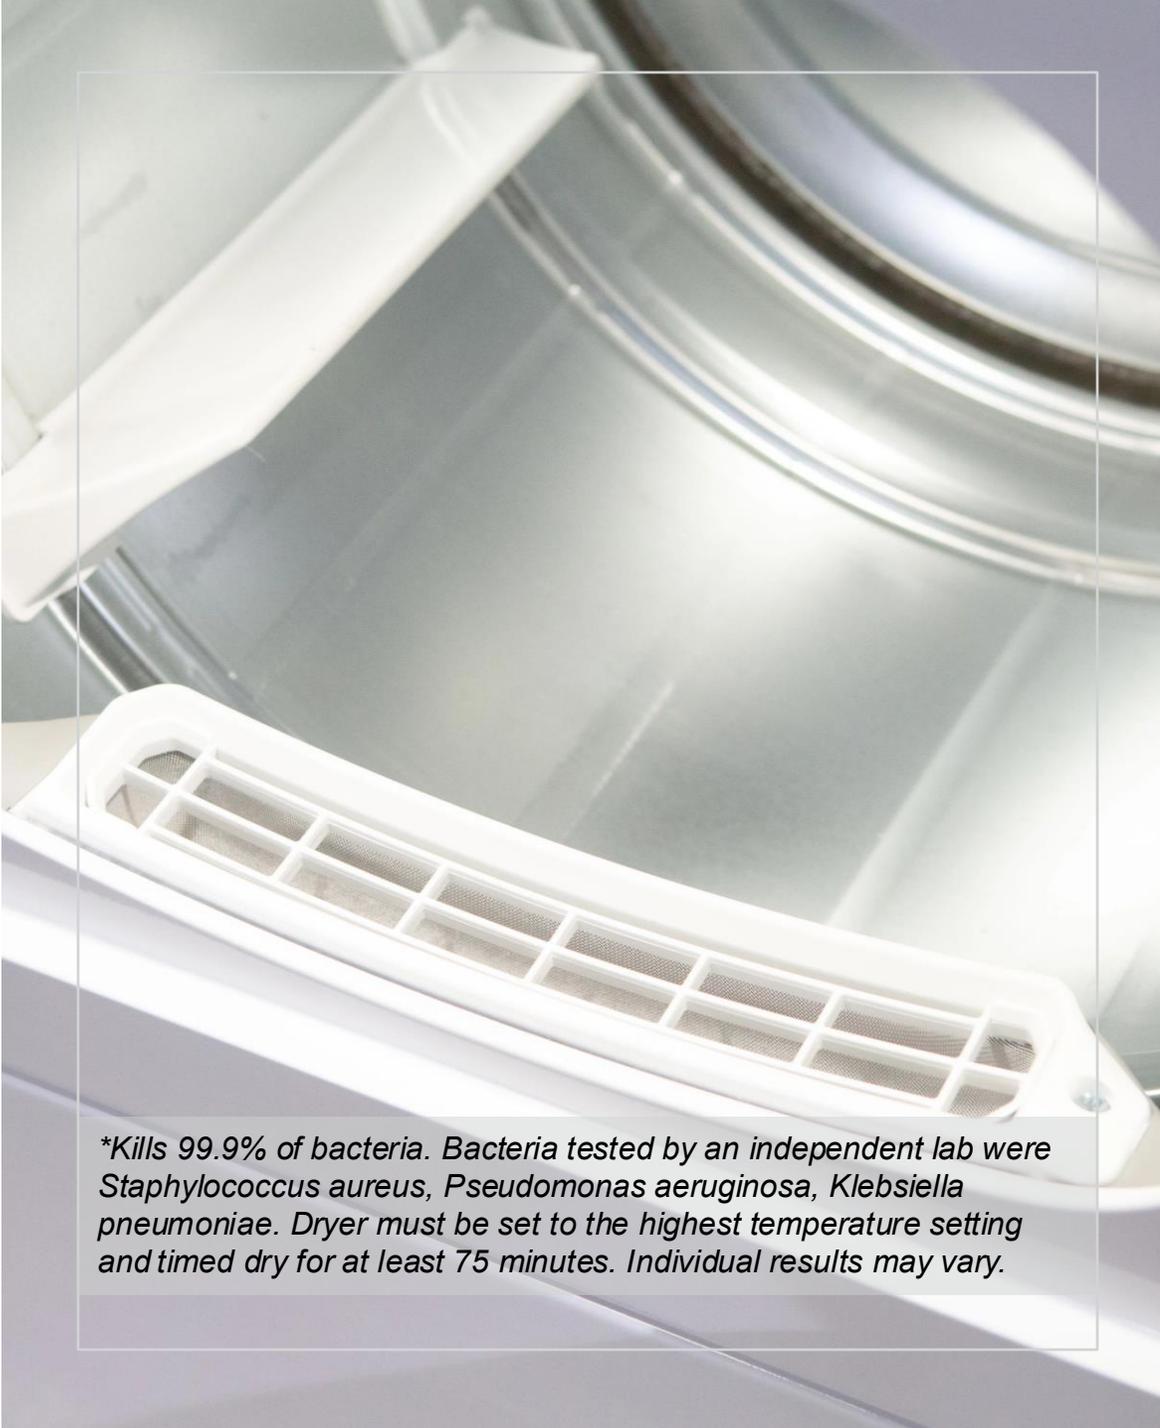

**Pair with  
TR3 Top Load  
Washer**

# The Power to Kill Bacteria

## How It Works

- Leverage the power of heat + time
  - High heat cycles of 75 plus minutes
- 99.9% reduction in common house-hold bacteria\*
  - Verified at an independent lab\*
  - Bacteria tested: Staphylococcus aureus, Pseudomonas aeruginosa, Klebsiella pneumoniae

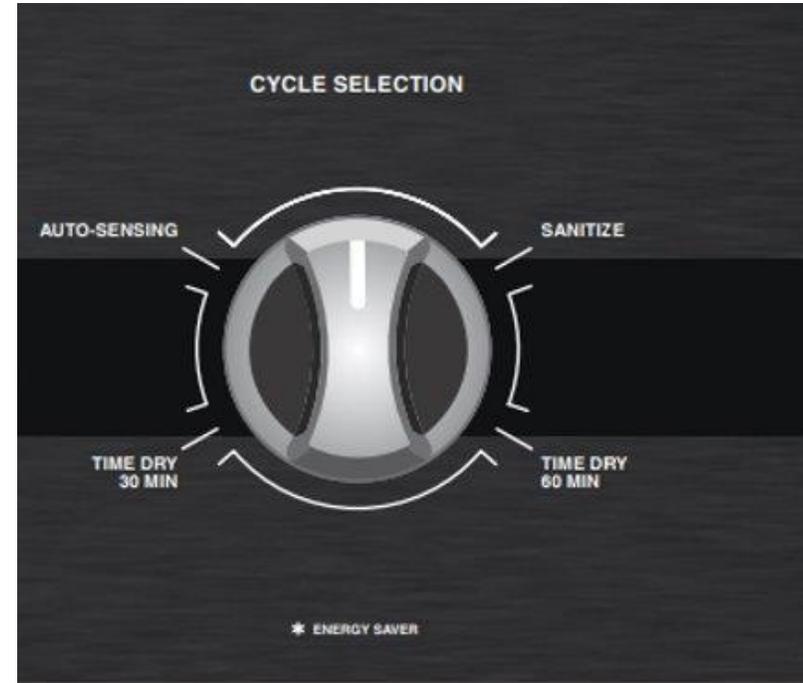

*\*Kills 99.9% of bacteria. Bacteria tested by an independent lab were Staphylococcus aureus, Pseudomonas aeruginosa, Klebsiella pneumoniae. Dryer must be set to the highest temperature setting and timed dry for at least 75 minutes. Individual results may vary.*

# Bacteria Killing Power

## How To Use It

- Use on medium size loads.
- Durable fabric types that are high heat tolerant
- **Always** check the fabric label for proper care instructions.
- **Always** allow cycle to complete without interrupting.
